DC Lead Disclosure Form

Information about Lead-Based Paint in this Property

Purpose: Inform potential renters and homebuyers of the presence of lead-based paint and related hazards in the property they are considering.

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can be a health hazard, especially for young children and pregnant women. Owners or managers of these properties must provide information about lead-based paint in the property that they want to rent or sell. DC requires the renter or buyer to have this information **before** they decide to rent or purchase the property.

This form does not replace the Federal Lead Disclosure form. DC law provides additional protections for the renter or purchaser. A DC Lead Disclosure form is not required for properties built in 1978 or later.

Are you a POTENTIAL TENANT or BUYER?

Review this page carefully before following instructions on page two.

Are you a PROPERTY OWNER or MANAGER?

You will need the following information to complete this form:

- Copies of any lead-based paint reports, assessments, or surveys related to the property.
- The latest version of the EPA Protect Your Family From Lead in Your Home pamphlet.
- Knowledge about lead-contaminated dust/soil and condition of the paint on the property.
- Knowledge about any lead-based paint related legal actions taken against the property.

Property owners and managers: keep the signed original of this form on record for at least 6 years, as you may be audited by the DC Department of Energy and Environment.

What to look for inside the property or in the property's common areas:

- Peeling, chipping, chalking, cracking, or damaged paint.
- Lead-based paint on windows, doors, stairs, railings, banisters, porches, or other high-wear surfaces that children might chew.
- Lead that is present in bare soil.
- Lead dust that forms when lead-based paint is scraped, sanded, or heated, or when painted surfaces with lead in them bump or rub together.
- Surfaces with lead paint chips/dust, or settled dust that reenters the air through vacuuming or sweeping.

For more information see The District of Columbia "Lead-Hazard Prevention and Elimination Act of 2008," as amended (the "Act"), D.C. Official Code § 8-231.01 et seq., and the Federal Lead Warning Statement, 24 CFR Part 35: <http://bit.ly/federallead>.
